## About Me

I am a passionate and detail-oriented Web Developer and WordPress Developer with hands-on experience in creating responsive, user-friendly websites. Skilled in HTML, CSS, JavaScript, Bootstrap, WordPress, and proficient in design tools like Photoshop and Figma, I specialize in turning creative concepts into fully functional digital experiences. I have a strong eye for design, a problem-solving mindset, and a commitment to delivering high-quality web solutions that meet client needs and industry standards. Whether developing custom WordPress themes or collaborating on UI/UX, I bring both technical skill and creative insight to every project.

## WORK EXPERIENCE

### Akn Technologies (Uttam Nagar)

**Profile: Web Developer at AKN Technologies**

A Web Developer at AKN Technologies plays a crucial role in designing and building dynamic, user-friendly websites and web applications. This professional is skilled in HTML, CSS, and JavaScript, enabling them to create responsive and interactive web pages. They utilize Bootstrap to streamline design with pre-built components, ensuring mobile-friendly layouts and modern aesthetics.

Proficiency in Adobe Photoshop and Figma allows the developer to work effectively on graphic design Banner Making, Poster Designand UI/UX prototyping, translating visual concepts into functional digital interfaces. Additionally, expertise in WordPress empowers them to develop and manage content-driven websites with custom themes and plugins.
